

MATERIAL SAFETY DATA SHEET

EDGE-SCAPE PLASTIC EDGE RESTRAINT	
Material:	High density polyethylene 100%
Protection Required In Case of Contact:	*Eye protection, skin protection, respiratory protection, and ventilation - no special equipment required for ordinary conditions.
Waste Management:	Suitable for burning within a controlled burner for fuel value or supervised incineration - subject to applicable laws.
Toxicological Data:	Oral, dermal, and inhalation - non-toxic (estimated); Eye and skin irritation - expected to be non-irritating.
Regulatory Information:	DOT shipping class - not applicable; DOT hazard class - not applicable; U.S. O.S.H.A. - None
Reactivity Data:	Stability (thermal, light, etc.) - stable, avoid extreme heat, avoid strong oxidizers; Hazardous decomposition products - carbon monoxide, aldehydes, acetic acid; Leaching (contamination) of ground waters: negligible.
Fire and Explosion Data:	Flash point: 430°F (221°C); FLAMMABLE LIMITS - LEL: NA, UEL:NA; EXTINGUISHING MEDIA: Carbon dioxide, foam, dry chemical and water fog. Firefighters must use self-contained breathing apparatus in enclosed areas.
Environmental Protection:	Contamination (leaching) of plasticizers into groundwater after long-term burial - expected to become negligible.
* Use glove and eye protection when handling, installing, bending, hammering, cutting, sawing and nailing EDGE-SCAPE. Good personal hygiene and safe work practices should always be used when working with EDGE-SCAPE.
