

## New Products For 2008

### Snapedge Lights up the Solar Lighting Market Again!

In 2007 Snapedge Canada introduced Stone Optics, a new and exciting solar lighting product for the Canadian homescape market.

Due to overwhelming success, we've further enhanced the Stone Optics line with a variety of new designs, colours and packaging.

### BL Platinum Hits The Market With Rave Reviews!

Bond-Loc Platinum urethane adhesive is the evolution of hardscape construction adhesive. As an ultra fast setting flexible urethane adhesive, it is designed to shift and flex with the movement of your landscape. Furthermore, BL Platinum is proven to hold up to two times stronger than polyurethane general purpose adhesive.

The adhesive's flexible properties hold and grip to concrete, pavers, retaining walls, metal, wood, clay roof tiles, plastics & much more.

### Diamond Landscape Edge

Finally, a natural looking cost effective way to add a border to your flower beds.

Kit contains 20' of 5" high edging & 7 SureGrip™ stakes.
